The debts were funded on the Dr. Wellington Koo Chalbasis of "capacity to pay." At the time, Britain's capacity to pay was greatly in excess of the other debtors and, accordingly, she drew the stiffest terms of settlement.

A good many members of congress would not be averse to reexamining the debts on the "capacity to pay" basis, scaling the British terms downward and the French terms upward, in accordance with changed conditions. Mr Hoover also will submit plans for reorganizing many federal bureaus.

Opponents of the Federal Farm Board are planning to demand its functions be transferred to the Department of Agriculture, while the extreme wets demand cessation of the annual \$43,000,000 outlay for prohibition enforcement.

WHENEVER an able President leaves the White House after Tschaikowsky's Fifth Symphony and his term of office expires regret is expressed that through the vicissitudes of politics the country is deprived of the highly noble music of the deep heart and valuable experience he has gained in serving the people. There they wait hours in slush and snow for their "dollar-a-day"

In his speech before the council, instead of bluntly refusing to discuss the report, he asked for patience, and made a direct attempt to reopen the entire question precipitated in September, 1931, when Japanese troops invaded Manchuria.

It was evident he wished to treat the Lytton report as merely part of the testimony in the case. He complimented the report, but declared he refused to accept it as conclusive. He made it clear that Japan has no intention of changing her policy in Manchuria, which includes recognition of her puppet state, Manchukuo, regardless of what action the Special Washington Correspondent Of The New Castle News league council may take.

loop, even teams. Before the basketball season passes out, approximately 200 games will have been played and if interest is as keen as last season thousands of

RALPH PHILLIPS SCORES TOUCHDOWN

Union High School football team ended their 1932 grid season Saturday afternoon at the Union High Field by defeating a powerful Sandy Lake High team champions of Mercer County Class B schools by a score of 7 to 0. The game was played in a sea of mud. Nine Union High varsity men ended their scholastic careers in the game. Union was the underdog for this contest, but proved to be the better of the two teams in wallowing through the mucky surface. The Coach Boyd machine won three games this year and lost seven. Sandy Lake High came here high-

Ralph Phillips, the big Union fullback had the honor of scoring the final touchdown of the season and consequently the one that brought victory to the Unionites. The county commissioners have received a letter from Governor Pinchot, urging all boroughs, townships and political subdivisions of the state to borrow : noney for poor relief under the provisions of Act No. 6, approved July 28, 1932, in order that the state may receive more money from the Reconstruction Finance Corporation.

The governor states that unless the boroughs and townships attempt to help themselves by borrowing money to assist the poor, the Reconstruction Finance Corporation threatens to lend no more money to the state.
